The annual World Economic Forum, the world's most influential business meeting, has chosen the theme of its 2012 annual meeting as "The New Reality of the Global Economy". The theme reflects the challenges and opportunities that the world's leading business leaders face in the new global economy. The theme also reflects the importance of the global economy in the world's development. The theme is a call to action for the world's leading business leaders to work together to create a more sustainable and prosperous world. The theme is a call to action for the world's leading business leaders to work together to create a more sustainable and prosperous world. The theme is a call to action for the world's leading business leaders to work together to create a more sustainable and prosperous world.
